

CERTIFICATE OF CONFORMITY DATED:

FITTINGS SUPPLIED TO: INDIMATE FERR DIAMANTADAS

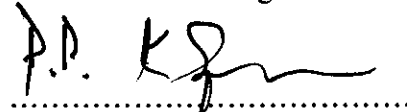

TECTITE PUSHFIT FITTINGS

Customer Order No: PO-163 & 300507
YF Order No: S0517954 & S0500125

WE HEREBY CERTIFY that the above fittings:

1. Have been manufactured, tested and inspected in accordance with the quality system used for fittings manufactured under the BSI Kitemark Product Certification Scheme (Licence No's 15121 & 5505) and against the Registered firm approval of BS EN ISO 9001: 2000 (Cert. no FM 27630 & FM 29251).
2. Have been manufactured from material which conforms to the requirements of the latest issue of BS 12163 / 64 / 65 / 67 / 68 and BS EN 1982.
3. When assembled with tubes of suitable dimensions the fittings are capable of withstanding an internal hydraulic test pressure, quoted in our current Tectite information sheet without showing signs of leaking, also that that they have been tested strictly in accordance with the requirements of the relevant parts of BS EN 1254.
